2000 Subject Index

ACID–BASE DISORDERS

Four steps to diagnosing acid-base disorders. Ghosh AK, Ghosh K. July, p. 23.

ADVANCE PRACTICE NURSING

Controversy over supervision of nurse anesthetists. Federal health matters. Barlas S. June, p. 41.

NPs versus MDs: Comparing outcomes and patient satisfaction. Clinical digest. February, p. 53.

ADVERSE REACTIONS

A closer look at clopidogrel-associated thrombocytopenia. Drug monitor. July, p. 45.

Alternative therapies: Identifying the risks. Schubert SR. May, p. 10. (CE)

Could celecoxib cause acute pancreatitis? Drug monitor. May, p. 65.

Drug- and substance-induced hypertension. Pulakandum I, Kochar MS. November, p. 52. (CE/CME)

Elders at risk for postdischarge ADEs. Drug monitor. January, p. 58.

FDA warnings about cisapride. Drug monitor. March, p. 70.

Insomnia: Breaking away from benzodiazepines. Drug monitor. January, p. 58.

The dangers of aristolochic acid. Drug monitor. August, p. 51.

Warnings about St. John's wort. Drug monitor. January, p. 57.

ALTERNATIVE THERAPIES

Alternative therapies: Fanning flames of fear and ignorance. Reader feedback. August, p. 63.

Alternative therapies: Identifying the risks. Schubert SR. May, p. 10. (CE)

The dangers of aristolochic acid. Drug monitor. August, p. 51.

Warnings about St. John's wort. Drug monitor. January, p. 57.

AMERICAN INDIANS

Faster reimbursement for Indian Health Service facilities. Federal health matters. Barlas S. July, p. 42.

Government supports more tribally operated IHS facilities. Federal health matters. Barlas S. November, p. 65.

Key Indian health care legislation up for renewal. Federal health matters. Barlas S. May, p. 61.

Poor glycemic control for American Indians. Drug monitor. January, p. 56.

CANCER

A patch for leaky lungs. Clinical digest. August, p. 33.

Colon cancer: Its links to cholesterol, obesity, and ethnicity. Pourian N, Nasrabadi AKS. December, p. 11.

Elders underrepresented in cancer trials. Clinical digest. February, p. 53.

New drug for acute myeloid leukemia. Drug monitor. September, p. 61.

Tamoxifen: Worth the expense? Drug monitor. March, p. 75.

Thalidomide found to have antitumor action. Drug monitor. January, p. 57.

The Pacific Teletumor Board: An innovation in cancer care. Davis LJ, Kavolius J, Goldsmith B, Berenberg J, Hu JS. September, p. 10. (CE/CME)

Touted breast cancer treatment loses luster. Drug monitor. June, p. 45.

Vaccine for colorectal cancer? Drug monitor. December, p. 21.

When cancer patients are depressed. Drug monitor. December, p. 21.

CAPITAL COMMENT

Can Washington craft a Medicare pharmacy benefit? Capital comment. Sunshine J. September, p. 68.

Changing systems, changing culture—Why the VA leads the patient safety pack. Capital comment. Sunshine J. May, p. 67.

Improving patient safety: The Institute of Medicine's report. Capital comment. Sunshine J. March, p. 52.

Living longer and healthier in America. Capital comment. Sunshine J. August, p. 55.

Put your money where your need is: Equitable resource allocation and the VA. Capital comment. Sunshine J. January, p. 42.

The VA formulary: A model for the nation. Capital comment. Sunshine J. November, p. 12.

VERA: A giant step forward for resource allocation in the VHA. Capital comment. Sunshine J. February, p. 48.

CARDIOVASCULAR DISEASE

Advances in heart failure treatment. Chan-Tack KM. July, p. 20.

Beta blocker use on the rise. Drug monitor. December, p. 21.

Cardiac chronotherapy. Drug monitor. October, p. 17.

Caring for veterans with chronic heart failure. Greisinger A, Espadas D, Ashton CM. July, p. 10. (CE/CME)

Carotid endarterectomy in elders. Clinical digest. October, p. 53.

Cholesterol drugs: Underprescribed? Drug monitor. June, p. 45.

Improving quality of life through cardiac rehab. O'Connor EA, Tabb J, Ragsdale K. January, p. 33.

Postoperative confusion in elders. Clinical digest. September, p. 16.

The beat on heart failure. Patient information. May, p. 71.

The facts about atrial fibrillation. Patient information. February, p. 59.

Treating elders for congestive heart failure. Drug monitor. May, p. 65.

Using pulse pressure to predict cardiovascular complications. Clinical digest. July, p. 51.

CLINICAL DIGEST

A patch for leaky lungs. Clinical digest. August, p. 33.

Are suicidal elders receiving treatment? Clinical digest. April, p. 53.

Can drinking more coffee prevent Parkinson's disease? Clinical digest. July, p. 54.

Carotid endarterectomy in elders. Clinical digest. October, p. 53.

Childhood head injuries: Identifying abuse. Clinical digest. March, p. 67.

Do preventive home visits help elders? Clinical digest. June, p. 40.

Does gender affect outcome after traumatic brain injury? Clinical digest. March, p. 67.

Does smoking cessation reduce cataract risk? Clinical digest. November, p. 9.

Elders underrepresented in cancer trials. Clinical digest. February, p. 53.

Erectile dysfunction: Getting the partner's perspective. Clinical digest. January, p. 19.

Falling short of diabetes treatment goals. Clinical digest. September, p. 19.

First-hand tips for easing GI prep. Clinical digest. November, p. 10.

Gastroenterologists at risk for *H. pylori* infection. Clinical digest. October, p. 53.

Genetic mutation in Alzheimer's. Clinical digest. December, p. 43.

Golden years getting brighter. Clinical digest. March, p. 64.

High five to high fiber. Clinical digest. August, p. 33.

Identifying catheter-associated urinary tract infection. Clinical digest. May, p. 59.

Improvements in asthma self-management. Clinical digest. January, p. 15.

In the mood for weaning. Clinical digest. October, p. 53.

Is diabetes linked to cognitive decline? Clinical digest. March, p. 63.

Is your job a pain in the arm? Clinical digest. December, p. 44.

Life after radical prostatectomy. Clinical digest. March, p. 63.

In the mood for weaning. Clinical digest. October, p. 53.

Is diabetes linked to cognitive decline? Clinical digest. March, p. 63.

Is your job a pain in the arm? Clinical digest. December, p. 44.

Life after radical prostatectomy. Clinical digest. March, p. 63.

Needle fragments: A diabetic danger. Clinical digest. August, p. 23.
NPs versus MDs: Comparing outcomes and patient satisfaction. Clinical digest. February, p. 53.
One approach to cleaner hands. Clinical digest. December, p. 43.
Perioperative oxygen reduces nausea and vomiting. Clinical digest. January, p. 19.
Peripheral vascular disease and diabetes: A better prognosis. Clinical digest. July, p. 51.
Physician, heal thyself first. Clinical digest. July, p. 51.
Postoperative confusion in elders. Clinical digest. September, p. 16.
Predicting functional decline. Clinical digest. May, p. 59.
Predicting recovery in elders. Clinical digest. January, p. 20.
Recognizing and preventing PTSD. Clinical digest. November, p. 9.
Rigorous physical therapy in the ICU. Clinical digest. September, p. 16.
Same-day laparoscopic cholecystectomy. Clinical digest. January, p. 20.
Specialty ICUs: Worth the cost? Clinical digest. July, p. 54.
Spray-on skin. Clinical digest. March, p. 63.
Tuning in to patients' concerns. Clinical digest. June, p. 40.
Using pulse pressure to predict cardiovascular complications. Clinical digest. July, p. 51.
What do patients think of telemedicine? Clinical digest. August, p. 23.
When depression takes a back seat. Clinical digest. May, p. 60.
When seldom is heard an encouraging word.... Clinical digest. April, p. 53.
With PSA testing, what you say matters. Clinical digest. November, p. 10.

COAGULOPATHY

A closer look at clopidogrel-associated thrombocytopenia. Drug monitor. July, p. 45.
Anticoagulation in elders: Assessing oral therapy. Drug monitor. April, p. 59.

COMPUTERIZATION

Another kink in the BCMA system. Reader feedback. August, p. 63.
Assessing substance abuse: An automated self-report inventory. Pekala RJ, Ainslie G, Eliott NC, Mullen KJ, Salinger MM, Masten E, Angelini F, Kumar VK. June, p. 27.
Bar code medication administration in the VHA—Using technology to reduce medical errors. Tech talk. Breland AE Jr. April, p. 50.
Computerized patient record system: Breaching the resistance barricade. Tech talk. Breland AE Jr. July, p. 57.
The Pacific Teletumor Board: An innovation in cancer care. Davis LJ, Kavolius J, Goldsmith B, Berenberg J, Hu JS. September, p. 10. (CE/CME)
Tips for tighter computer security. Tech talk. Breland AE Jr. December, p. 45.
VIReC: Promoting information sharing in the health services research community. Tech talk. Kubal JD, Webber SA, Cowper DC, Hynes DM. October, p. 13.

DERMATOLOGY

Cellulitis or Lyme disease? Drug monitor. September, p. 61.
Long-term treatment for atopic dermatitis. Drug monitor. November, p. 44.

DIABETES

Changing of the guard in diabetes therapy. Drug monitor. June, p. 45.
Falling short of diabetes treatment goals. Clinical digest. September, p. 19.
Is diabetes linked to cognitive decline? Clinical digest. March, p. 63.
Needle fragments: A diabetic danger. Clinical digest. August, p. 23.
Peripheral vascular disease and diabetes: A better prognosis. Clinical digest. July, p. 51.
Poor glycemic control for American Indians. Drug monitor. January, p. 56.
Preventing diabetes complications. Baker EK, McKenna JP, Lamb ME. February, p. 10. (CE)

DIAGNOSIS

Cellulitis or Lyme disease? Drug monitor. September, p. 61.
Diagnosing arthritis: How supportive studies can help. Medsger TA Jr. April, p. 31.
Four steps to diagnosing acid-base disorders. Ghosh AK, Ghosh K. July, p. 23.
Identifying catheter-associated urinary tract infection. Clinical digest. May, p. 59.
Multidrug-resistant tuberculosis, part 1—Rising to the diagnostic challenge. Spiegler P, Ilowite J. May, p. 44.

DRUG MONITOR

A closer look at clopidogrel-associated thrombocytopenia. Drug monitor. July, p. 45.
ABCs of hepatitis vaccination. Drug monitor. March, p. 75.
Accelerated approval for new protease inhibitor. Drug monitor. November, p. 51.
Anticoagulation in elders: Assessing oral therapy. Drug monitor. April, p. 59.
Antiretrovirals: Are they safe for patients with hepatitis? Drug monitor. February, p. 60.
Beta blocker use on the rise. Drug monitor. December, p. 21.
Blocking postherpetic neuralgia. Drug monitor. January, p. 56.
Can preop midazolam improve postop recovery? Drug monitor. November, p. 44.
Cardiac chronotherapy. Drug monitor. October, p. 17.
Cellulitis or Lyme disease? Drug monitor. September, p. 61.
Changing of the guard in diabetes therapy. Drug monitor. June, p. 45.
Cholesterol drugs: Underprescribed? Drug monitor. June, p. 45.
Could celecoxib cause acute pancreatitis? Drug monitor. May, p. 65.
Do drug companies influence prescribing practices? Drug monitor. March, p. 75.
Elders at risk for postdischarge ADEs. Drug monitor. January, p. 58.
Evaluating renoprotective effects of dopamine and furosemide. Drug monitor. March, p. 70.
FDA warnings about cisapride. Drug monitor. March, p. 70.
Insomnia: Breaking away from benzodiazepines. Drug monitor. January, p. 58.
Irbesartan for headache in nonsevere hypertension. Drug monitor. September, p. 61.
Is fluconazole appropriate for ICU patients? Drug monitor. April, p. 59.
Long-term treatment for atopic dermatitis. Drug monitor. November, p. 44.
New drug for acute myeloid leukemia. Drug monitor. September, p. 61.
New drug for irritable bowel syndrome. Drug monitor. May, p. 66.
Opportunistic illnesses after potent antiretroviral therapy. Drug monitor. March, p. 76.
Outpatient prescription errors: The awful truth. Drug monitor. August, p. 51.
Poor glycemic control for American Indians. Drug monitor. January, p. 56.
Tamoxifen: Worth the expense? Drug monitor. March, p. 75.
Thalidomide found to have antitumor action. Drug monitor. January, p. 57.
The dangers of aristolochic acid. Drug monitor. August, p. 51.
The triple antiretroviral regimen: Three years later. Drug monitor. October, p. 17.
Timely antibiotics in the ED. Drug monitor. August, p. 51.
Touted breast cancer treatment loses luster. Drug monitor. June, p. 45.
Treating elders for congestive heart failure. Drug monitor. May, p. 65.
Treating seizures in elders. Drug monitor. February, p. 60.
Using HIV drug-resistance tests to guide treatment. Drug monitor. July, p. 45.
Vaccine for colorectal cancer? Drug monitor. December, p. 21.

2000 SUBJECT INDEX

Continued from previous page

Warnings about St. John's wort. Drug monitor. January, p. 57.
When cancer patients are depressed. Drug monitor. December, p. 21.

DRUG UTILIZATION EVALUATION

Antiretrovirals: Are they safe for patients with hepatitis? Drug monitor. February, p. 60.
Beta blocker use on the rise. Drug monitor. December, p. 21.
Evaluating renoprotective effects of dopamine and furosemide. Drug monitor. March, p. 70.
Is fluconazole appropriate for ICU patients? Drug monitor. April, p. 59.
Losartan therapy: A safe alternative to ACE inhibitors? Kapadia VK, Folstad JE, White CM. June, p. 10. (CE)
Parenteral antibiotic therapy: A home-based program. Lentino JR, Pachucki CT, Byrne R, Lau MT, Bayer D. April, p. 10. (CE/CME)
Tamoxifen: Worth the expense? Drug monitor. March, p. 75.
Timely antibiotics in the ED. Drug monitor. August, p. 51.

ECONOMIC ISSUES

Put your money where your need is: Equitable resource allocation and the VA. Capital comment. Sunshine J. January, p. 42.
Rethinking routine anaerobic blood cultures. Abo-Auda W, Garcia I, Byrd RP Jr, Fields C, Roy TM. January, p. 49.
The VA formulary: A model for the nation. Capital comment. Sunshine J. November, p. 12.
Third party billing in the VHA: A look at cost and policy. Nugent G, Franchi E, Nugent L, Schehr S, Rodriguez A, Nadeja C. November, p. 31.
Treating behavioral disturbance in dementia: Pharmacoeconomic considerations. Kasckow JW, Sabai M, Malik MS, Pisarska M, Mulchahey JJ. July, p. 34.
TRICARE claims: A waste of paper—and money. Federal health matters. Barlas S. September, p. 22.
VERA: A giant step forward for resource allocation in the VHA. Capital comment. Sunshine J. February, p. 48.

ENDOCRINOLOGY

Changing of the guard in diabetes therapy. Drug monitor. June, p. 45.
Falling short of diabetes treatment goals. Clinical digest. September, p. 19.
Is diabetes linked to cognitive decline? Clinical digest. March, p. 63.
Needle fragments: A diabetic danger. Clinical digest. August, p. 23.
Peripheral vascular disease and diabetes: A better prognosis. Clinical digest. July, p. 51.
Poor glycemic control for American Indians. Drug monitor. January, p. 56.
Preventing diabetes complications. Baker EK, McKenna JP, Lamb ME. February, p. 10. (CE)
The highs and lows of thyroid disease. Patient information. August, p. 57.

FEDERAL HEALTH MATTERS

Caring for homeless vets. Federal health matters. Barlas S. May, p. 61.
Change in the air for military health care. Federal health matters. Barlas S. March, p. 28.
Clinton speaks out on medical errors. Federal health matters. Barlas S. April, p. 49.
Congress approves annual pay raises for VA nurses. Federal health matters. Barlas S. November, p. 65.
Controversy over supervision of nurse anesthetists. Federal health matters. Barlas S. June, p. 41.
Could FSS expansion threaten veterans' health care? Federal health matters. Barlas S. October, p. 55.
Defense secretary targets TRICARE. Federal health matters. Barlas S. January, p. 67.
DoD and VA plan collaborative health care initiative. Federal health matters. Barlas S. March, p. 31.
DoD faces anthrax vaccine shortage. Federal health matters. Barlas S. September, p. 22.
DoD looks closely at anthrax vaccine. Federal health matters. Barlas S. January, p. 67.
Easing the way for veterans filing claims. Federal health matters. Barlas S. September, p. 22.
Faster reimbursement for Indian Health Service facilities. Federal health matters. Barlas S. July, p. 42.
Federal efforts to cut medical errors. Federal health matters. Barlas S. February, p. 50.
GAO: VA still needs to improve protections for human research subjects. Federal health matters. Barlas S. December, p. 51.
Gober announces spinal cord injury treatment initiative. Federal health matters. Barlas S. October, p. 55.
Government supports more tribally operated IHS facilities. Federal health matters. Barlas S. November, p. 65.
Hepatitis C: When is it service connected? Federal health matters. Barlas S. July, p. 42.
House bill could benefit military families and retirees. Federal health matters. Barlas S. April, p. 60.
House passes VHA FY 2001 budget. Federal health matters. Barlas S. August, p. 50.
Improving TRICARE access in remote locations. Federal health matters. Barlas S. August, p. 49.
IOM reports on the VA formulary. Federal health matters. Barlas S. August, p. 49.
Key Indian health care legislation up for renewal. Federal health matters. Barlas S. May, p. 61.
Limiting use of restraints and seclusion with mentally ill patients. Federal health matters. Barlas S. December, p. 51.
Making VHA salaries more competitive. Federal health matters. Barlas S. June, p. 41.
McCain's prescription. Federal health matters. Barlas S. February, p. 50.
New DoD advisor for medical aspects of deployment. Federal health matters. Barlas S. October, p. 55.
TRICARE claims: A waste of paper—and money. Federal health matters. Barlas S. September, p. 22.
TRICARE tightens maternal care policy. Federal health matters. Barlas S. March, p. 28.
VA budget boost proposed for fiscal year 2001. Federal health matters. Barlas S. April, p. 49.
VA expands geriatric research. Federal health matters. Barlas S. January, p. 68.
VA to institute accreditation program for clinical research. Federal health matters. Barlas S. July, p. 42.
Veterans happy with VA health care. Federal health matters. Barlas S. January, p. 67.
Washington prepares for another budget battle. Federal health matters. Barlas S. May, p. 62.
What to do with video medical records. Federal health matters. Barlas S. February, p. 63.

FEDERAL LAW

Federal rules on postemployment activities—Is there life after federal employment? Federal law. Green J. January, p. 61.

GASTROENTEROLOGY

Dealing with diverticulitis. Patient information. March, p. 91.
First-hand tips for easing GI prep. Clinical digest. November, p. 10.
Gastroenterologists at risk for *H. pylori* infection. Clinical digest. October, p. 53.
New drug for irritable bowel syndrome. Drug monitor. May, p. 66.
Same-day laparoscopic cholecystectomy. Clinical digest. January, p. 20.

GERIATRICS

Anticoagulation in elders: Assessing oral therapy. Drug monitor. April, p. 59.

Are suicidal elders receiving treatment? Clinical digest. April, p. 53.
Carotid endarterectomy in elders. Clinical digest. October, p. 53.
Do preventive home visits help elders? Clinical digest. June, p. 40.
Elders at risk for postdischarge ADEs. Drug monitor. January, p. 58.
Elders underrepresented in cancer trials. Clinical digest. February, p. 53.
Golden years getting brighter. Clinical digest. March, p. 64.
Living longer and healthier in America. Capital comment. Sunshine J. August, p. 55.
Postoperative confusion in elders. Clinical digest. September, p. 16.
Predicting functional decline. Clinical digest. May, p. 59.
Predicting recovery in elders. Clinical digest. January, p. 20.
Treating elders for congestive heart failure. Drug monitor. May, p. 65.
Treating seizures in elders. Drug monitor. February, p. 60.
VA expands geriatric research. Federal health matters. Barlas S. January, p. 68.

GULF WAR ILLNESS

DoD and VA plan collaborative health care initiative. Federal health matters. Barlas S. March, p. 31.
Mandibular pain in a Gulf War veteran. Flaxman NA, Spray JR, Reed HS. December, p. 28.

HEADACHE

A heads-up on headache. Patient information. November, p. 47.
Irbesartan for headache in nonsevere hypertension. Drug monitor. September, p. 61.

HEMATOLOGIC DISORDERS

Myelofibrosis: A case of 21-year survival. Koslosky W, Bellam S, Chin NW, Pincus MR. February, p. 42.
New drug for acute myeloid leukemia. Drug monitor. September, p. 61.

HEPATITIS

ABCs of hepatitis vaccination. Drug monitor. March, p. 75.
Antiretrovirals: Are they safe for patients with hepatitis? Drug monitor. February, p. 60.
At war with hepatitis C, part 3—Managing chronic infection. Wright T, Jeffers L, Mitchell T, Holohan TV, Kizer KW. January, p. 24. (CE/CME)
Getting a handle on hepatitis C. Patient information. January, p. 77.
Hepatitis C: When is it service connected? Federal health matters. Barlas S. July, p. 42.

HIV

Accelerated approval for new protease inhibitor. Drug monitor. November, p. 51.
Antiretrovirals: Are they safe for patients with hepatitis? Drug monitor. February, p. 60.
HIV in the 21st century, part 1—The changing face of AIDS. Oliva D, Glatt AE. February, p. 20.
HIV in the 21st century, part 2—Deciphering lab results. Mathieu PJ, Roistacher K, Glatt AE. March, p. 19.
HIV in the 21st century, part 3—Recognizing signs of infection. Mathieu PJ, Tang IT, Glatt AE. April, p. 18.
HIV in the 21st century, part 4—Current treatment guidelines. Tang IT, Patel NN, Anastos K, Glatt AE. May, p. 19.
Opportunistic illnesses after potent antiretroviral therapy. Drug monitor. March, p. 76.
The triple antiretroviral regimen: Three years later. Drug monitor. October, p. 17.
Using HIV drug-resistance tests to guide treatment. Drug monitor. July, p. 45.

HYPERTENSION

Drug- and substance-induced hypertension. Pulakandum I, Kochar MS. November, p. 52. (CE/CME)
Irbesartan for headache in nonsevere hypertension. Drug monitor. September, p. 61.
Losartan therapy: A safe alternative to ACE inhibitors? Kapadia VK, Folstad JE, White CM. June, p. 10. (CE)
Under pressure: The story of hypertension. Patient information. July, p. 63.

IMMUNOLOGY

ABCs of hepatitis vaccination. Drug monitor. March, p. 75.
DoD faces anthrax vaccine shortage. Federal health matters. Barlas S. September, p. 22.
DoD looks closely at anthrax vaccine. Federal health matters. Barlas S. January, p. 67.
Immunologic considerations in managing chronic bronchitis. Ahmed Z, McCoskey EH, Byrd RP Jr, Roy TM. March, p. 10. (CE/CME)
Vaccine for colorectal cancer? Drug monitor. December, p. 21.

INFECTIOUS DISEASES

Cellulitis or Lyme disease? Drug monitor. September, p. 61.
Combating a cold. Patient information. April, p. 61.
Gastroenterologists at risk for *H. pylori* infection. Clinical digest. October, p. 53.

The facts about atrial fibrillation. Patient information. February, p. 59.
The highs and lows of thyroid disease. Patient information. August, p. 57.
Under pressure: The story of hypertension. Patient information. July, p. 63.

PATIENT SAFETY
Another kink in the BCMA system. Reader feedback. August, p. 63.
Bar code medication administration in the VHA—Using technology to reduce medical errors. Tech talk. Breland AE Jr. April, p. 50.
Changing systems, changing cult re—Why the VA leads the patient safety pack. Capital comment. Sunshine J. May, p. 67.
Clinton speaks out on medical errors. Federal health matters. Barlas S. April, p. 49.
Controversy over supervision of nurse anesthetists. Federal health matters. Barlas S. June, p. 41.
Federal efforts to cut medical errors. Federal health matters. Barlas S. February, p. 50.
Improving patient safety: The Institute of Medicine's report. Capital comment. Sunshine J. March, p. 52.
Outpatient prescription errors: The awful truth. Drug monitor. August, p. 51.

PHARMACY
Can Washington craft a Medicare pharmacy benefit? Capital comment. Sunshine J. September, p. 68.
Do drug companies influence prescribing practices? Drug monitor. March, p. 75.
IOM reports on the VA formulary. Federal health matters. Barlas S. August, p. 49.
The VA formulary: A model for the nation. Capital comment. Sunshine J. November, p. 12.

PREVENTIVE MEDICINE
Can preop midazolam improve postop recovery? Drug monitor. November, p. 44.
Do preventive home visits help elders? Clinical digest. June, p. 40.
One approach to cleaner hands. Clinical digest. December, p. 43.
Perioperative oxygen reduces nausea and vomiting. Clinical digest. January, p. 19.
Physician, heal thyself first. Clinical digest. July, p. 51.
Predicting functional decline. Clinical digest. May, p. 59.
Predicting recovery in elders. Clinical digest. January, p. 20.
Recognizing and preventing PTSD. Clinical digest. November, p. 9.
Using pulse pressure to predict cardiovascular complications. Clinical digest. July, p. 51.
With PSA testing, what you say matters. Clinical digest. November, p. 10.

PRIMARY CARE
NPs versus MDs: Comparing outcomes and patient satisfaction. Clinical digest. February, p. 53.
Tuning in to patients' concerns. Clinical digest. June, p. 40.

READER FEEDBACK
Alternative therapies: Fanning flames of fear and ignorance. Reader feedback. August, p. 63.
Another kink in the BCMA system. Reader feedback. August, p. 63.

RESEARCH
GAO: VA still needs to improve protections for human research subjects. Federal health matters. Barlas S. December, p. 51.
VA expands geriatric research. Federal health matters. Barlas S. January, p. 68.
VA to institute accreditation program for clinical research. Federal health matters. Barlas S. July, p. 42.

RESPIRATORY CARE
Immunologic considerations in managing chronic bronchitis. Ahmed Z, McCoskey EH, Byrd RP Jr, Roy TM. March, p. 10. (CE/CME)
Improvements in asthma self-management. Clinical digest. January, p. 15.

In the mood for weaning. Clinical digest. October, p. 53.

RHEUMATIC DISEASE

All about arthritis. Patient information. December, p. 47.
Diagnosing arthritis: How supportive studies can help. Medsger TA Jr. April, p. 31.
When seldom is heard an encouraging word.... Clinical digest. April, p. 53.

SEEK & DECODE

May, p. 78; June, p. 42; July, p. 60; August, p. 66; September, p. 80; October, p. 56; November, p. 62; December, p. 52.

SEXUAL DYSFUNCTION

Assessing male sexual dysfunction in the VHA: A clinic profile. Beaudreau SA, Litz BT, Kaufman M. August, p. 11.
Erectile dysfunction: Getting the partner's perspective. Clinical digest. January, p. 19.
Life after radical prostatectomy. Clinical digest. March, p. 63.
Lifting the shadow of erectile dysfunction. Patient information. June, p. 43.

SPINAL CORD INJURY

Gober announces spinal cord injury treatment initiative. Federal health matters. Barlas S. October, p. 55.

STROKE

Acute stroke management in the VA. Oddone E, Booss J, Brass LM, Coull B, Goldstein LB, Gorelick P, Horner R, Matchar D, Provenzale J, Kaplan L. September, p. 40.
Strike back against stroke. Patient information. September, p. 77.

SUBSTANCE ABUSE

Assessing substance abuse: An automated self-report inventory. Pekala RJ, Ainslie G, Elliott NC, Mullen KJ, Salinger MM, Masten E, Angelini F, Kumar VK. June, p. 27.
Does smoking cessation reduce cataract risk? Clinical digest. November, p. 9.
Early intervention for alcoholism: Helping patients overcome denial. Sarmiento IC. October, p. 45.

SURGERY

Can preop midazolam improve postop recovery? Drug monitor. November, p. 44.
Carotid endarterectomy in elders. Clinical digest. October, p. 53.
Life after radical prostatectomy. Clinical digest. March, p. 63.
Perioperative oxygen reduces nausea and vomiting. Clinical digest. January, p. 19.
Peripheral vascular disease and diabetes: A better prognosis. Clinical digest. July, p. 51.
Postoperative confusion in elders. Clinical digest. September, p. 16.
Same-day laparoscopic cholecystectomy. Clinical digest. January, p. 20.

TECH TALK

Bar code medication administration in the VHA—Using technology to reduce medical errors. Tech talk. Breland AE Jr. April, p. 50.
Computerized patient record system: Breaching the resistance barricade. Tech talk. Breland AE Jr. July, p. 57.
Tips for tighter computer security. Tech talk. Breland AE Jr. December, p. 45.
VIReC: Promoting information sharing in the health services research community. Tech talk. Kubal JD, Webber SA, Cowper DC, Hynes DM. October, p. 13.

TELEMEDICINE

The Pacific Teletumor Board: An innovation in cancer care. Davis LJ, Kavolius J, Goldsmith B, Berenberg J, Hu JS. September, p. 10. (CE/CME)
What do patients think of telemedicine? Clinical digest. August, p. 23.

TRAUMA

Childhood head injuries: Identifying abuse. Clinical digest. March, p. 67.
Does gender affect outcome after traumatic brain injury? Clinical digest. March, p. 67.
The ABCs of trauma triage. Siegel DC. October, p. 30.

UROLOGY

Evaluating renoprotective effects of dopamine and furosemide. Drug monitor. March, p. 70.
Identifying catheter-associated urinary tract infection. Clinical digest. May, p. 59.
Life after radical prostatectomy. Clinical digest. March, p. 63.
Tracking urinary incontinence. Walter JS, Sacks J, Welsh G, Terlouw P, Wheeler JS, Damaser MS, Othman R, Anfinsen L. September, p. 28.
With PSA testing, what you say matters. Clinical digest. November, p. 10.

VASCULAR DISEASE

Outpatient management of deep vein thrombosis. Guillen MK, Wright PS. August, p. 36.
Peripheral vascular disease and diabetes: A better prognosis. Clinical digest. July, p. 51.
Strategies for treating peripheral vascular disease. Samuelson B, Norton VC. March, p. 34.

VHA

Assessing male sexual dysfunction in the VHA: A clinic profile. Beaudreau SA, Litz BT, Kaufman M. August, p. 11.
Caring for homeless vets. Federal health matters. Barlas S. May, p. 61.
Changing systems, changing culture—Why the VA leads the patient safety pack. Capital comment. Sunshine J. May, p. 67.
Congress approves annual pay raises for VA nurses. Federal health matters. Barlas S. November, p. 65.
Could FSS expansion threaten veterans' health care? Federal health matters. Barlas S. October, p. 55.
DoD and VA plan collaborative health care initiative. Federal health matters. Barlas S. March, p. 31.
Easing the way for veterans filing claims. Federal health matters. Barlas S. September, p. 22.
Federal efforts to cut medical errors. Federal health matters. Barlas S. February, p. 50.
GAO: VA still needs to improve protections for human research subjects. Federal health matters. Barlas S. December, p. 51.
Gober announces spinal cord injury treatment initiative. Federal health matters. Barlas S. October, p. 55.
Hepatitis C: When is it service connected? Federal health matters. Barlas S. July, p. 42.
House passes VHA FY 2001 budget. Federal health matters. Barlas S. August, p. 50.
IOM reports on the VA formulary. Federal health matters. Barlas S. August, p. 49.
Making VHA salaries more competitive. Federal health matters. Barlas S. June, p. 41.
McCain's prescription. Federal health matters. Barlas S. February, p. 50.
Put your money where your need is: Equitable resource allocation and the VA. Capital comment. Sunshine J. January, p. 42.
The VA formulary: A model for the nation. Capital comment. Sunshine J. November, p. 12.
Third party billing in the VHA: A look at cost and policy. Nugent G, Franchi E, Nugent L, Schehr S, Rodriguez A, Nadeja C. November, p. 31.
VA budget boost proposed for fiscal year 2001. Federal health matters. Barlas S. April, p. 49.
VA expands geriatric research. Federal health matters. Barlas S. January, p. 68.
VA to institute accreditation program for clinical research. Federal health matters. Barlas S. July, p. 42.
VERA: A giant step forward for resource allocation in the VHA. Capital comment. Sunshine J. February, p. 48.
